

szubjektív[en] - egy objektívvel

Subjective Photo walk

1 All you need is a device that can take photos (**a phone or camera**) and a minimal knowledge of how to use it.

*We take photos at a chosen location, focusing on thoughts rather than visual beauty. Our photo walk is therefore characterised by duality. On the one hand, we want to capture what you see; on the other hand, your composition, both verbally and visually, will be reflective of you. The photos will tell a story to you about you. A kind of feedback on, affirmation of, or possibly marvelling about **what part of your personality is shown in the pictures or what situation or idea is occupying your thoughts at that given moment** and how it is revealed and drawn out by the pictures.*

In a photo walk for two the focus is divided; it is more about the two of you showing each other the difference between your respective visions rather than about delving into individual insights. Of course, personal perceptions are also revealed, but there is less emphasis on the reflection of the character traits themselves and their exploration. During the walk, we focus on using the images to give each other an insight into your unique, different, or perhaps similar approaches.

1 We choose the **location** together according to your interests, depending on whether nature or the built environment is closer to you. If both, we look for an area with man-made forms and green spaces.

The walk will take place in Budapest (other choice of location is possible, subject to special arrangement and reimbursement)

Some examples of our most popular locations: Liberty Square, Millenáris Park, Csepel Works industrial complex, National Theatre Park, City Park, Normafa, Kopaszi-gát, Buda Castle...

We do not photograph moving, living elements on the walk, so we do not capture animals or people, we only focus on landmarks that are fixed in the environment during the walk.

1 The walk is a **one-to-one photo walk** with photographer Andrea Pető, an individual session for one person. **Approximately two hours in length.** (In case of a walk for two, one walk for two persons)

1 In addition to your own photos, to make the experience and memory complete, **you will also receive a few pictures of yourself** (6-8pcs) in electronic format within a few days, capturing how you took the photos and immersed yourself in the process of creation.

1 **Price** of a subjective photo walk: **28.000 HUF/walk**
